United Through Reading – This is a very special program helping families feel a little closer. Active duty service members are video recorded reading a book for their child, niece, nephew or other special little one – the video along with the book is then sent to the child. They are then able to read the book along with the video. Their caregiver is encouraged to take pictures or video of the child's reaction and send it back to the service member with the next book the child would like read. The program enables the service member to participate in their children's learning.

Thank You: We would like to thank all of the volunteers that assisted in the Cookie Caravan. We distributed **1200+** goodie bags to the single and unaccompanied sailors. That's over **5,000** cookies. We also had hard working volunteers helping us with our Golf Tournament and our Semi-Annual Auction. Thank you Sasebo Volunteers.
